About Warsaw

Fryderyk Chopin Museum

The Mermaid Statue in the centre of the Old Town Square

Museum of History of Polish Jews POLIN

Whether you come to Warsaw on a business trip, for a science conference, or as a tourist, this city has everything that a modern European capital could offer. Dynamic commercial and office centre, friendly public transport (bike sharing system Veturilo and one ticket for the metro, trams, buses and trains within the city), vibrant cultural life – these are just some of the elements, which make Warsaw a perfect embodiment of changes that have taken place in Poland in the past 25 years. The city is an open home for active and creative people from all over the country. But it is hard to forget about history, especially that complex: almost total destruction of the city during WWII, post-war reconstruction and the years of communism. That is why today's Warsaw is an intriguing mixture of past and present, where traces of former communities or monumental soc-realist buildings are neighbouring with new skyscrapers.

Wondering what to see in Warsaw? Discover the city of Fryderyk Chopin - one of the greatest composers and pianists of the 19th century. The world's largest collection of Chopin memorabilia can be found in the **Fryderyk Chopin Museum**. Visit the unique **Faras Gallery in the National Museum**. Relax in the beautiful park from the Classical era, the **Royal Łazienki Park**. 1/4 of Warsaw area comprises of fields, parks, green squares and lush gardens. Explore the multimedia-filled **Warsaw Rising Museum** and let the youngest **Old Town** in Europe (inscribed on the UNESCO World Cultural and Natural Heritage List) charm you. Admire the Warsaw's panorama from the 30th floor of **The Palace of Culture and Science**. Or maybe try local products on the outdoor Christmas Fair located at the main entrance of **PGE Narodowy stadium**. Discover Warsaw full of contrasts and create your own sightseeing path through this unobvious city!

4 Social realism

After World War II, the architects were given the task of rebuilding Warsaw in a new style of design: “socialist in content and national in form.” Discover the architectural heritage of socialist-realism in Warsaw with a visit to **the Palace of Culture and Science**, celebrating its 60th anniversary in 2015, given by Stalin as a gift from the Soviet Union to the Polish nation. Walk around **Parade Square**, built to host propaganda-filled speeches of the leaders of the People’s Republic of Poland. Then, go to **the Marszałkowska Housing District** and explore **Constitution Square** with its impressive sculptures from the 1950s. To feel the spirit of the past era, try a visit to one of the remaining **milk-bars**, fast food canteens from that time, offering inexpensive, home-style traditional Polish cooking, and enjoy their unique atmosphere. Time has apparently stopped here.

GO ON A TOUR BY OLD MILITIA VAN

Feel the communist era and pop inside old militia van! See the Constitution Square and the Ministry of Agriculture, examples of utopian plans of post-war city reconstruction. Discover the Palace of Culture and Science, a gift from “Uncle” Stalin, and the very heart of socialism – former Party Houses.
