## 4 Communism tours

After World War II, the architects were given the task of rebuilding Warsaw in a new style of design: “socialist in content and national in form.” Discover the architectural heritage of socialist-realism in Warsaw with a visit to **the Palace of Culture and Science**, having been given by Stalin as a gift from the Soviet Union to the Polish nation.

Walk around **Parade Square**, built to host the propaganda-filled speeches of the leaders of the People’s Republic of Poland. Then, go to **the Marszałkowska Housing District** and explore **Constitution Square** with its impressive sculptures from the 1950s. To feel the spirit of the past era, try a visit to one of the remaining **milk-bars**, fast food canteens from that time, offering inexpensive, home-style traditional Polish cooking, and enjoy their unique atmosphere. Here, time has apparently stopped.

COMMUNIST WARSAW BIKE TOUR

Poland was a communist country for nearly 50 years but also the first in the ‘Eastern block’ to break out and turn democratic. We want to take you for a ride around sites in the city that will help you understand why people in Poland love and hate the Palace of Culture and Science, what they think of 1945 liberation and why they’re proud of 1989. We’ll tell you about the comedy of everyday chores but also horrors of life under the eye of the Big Brother.

Warsaw is a salubrious and refreshing destination because a quarter of the city is made up of green areas. There are 160 leafy squares and 76 parks, of which the biggest and most beautiful is **the Royal Łazienki Park** and palace complex, consisting of 187 acres of parkland in the middle of the city. Each of these green areas has its own special something, and come together to make Warsaw a truly green city.

One special green area is the right bank of **the Vistula River**, which is marked by its unspoiled, natural habitat. The right bank is completely wild and protected by the Natura 2000 programme, meaning that beavers, terns and even elk can be found there.

Indeed, both banks of the river are considered to be the summer centres of the city. Here you can relax on one of the six **municipal beaches**, rent sporting equipment, go on a bicycle tour along the river, or take a cruise on a traditional wooden boat. From May to September, there is also a free shore-to-shore ferry service.

The recently modernised Vistula Boulevards are very popular among walking enthusiasts. Nearby, not far from the Royal Castle, there is a **Multimedia Fountain Park**, where many cultural events take place, such as **Wianki, the summer solstice festival** in June, and **the Feast of the Vistula** in September.

## RIVER GAME EXPERIENCE

A city game in which you learn about the Vistula River, one of the only unregulated great rivers in Europe. The game involves a competition to discover some of the most charming corners of Warsaw, to taste the specialties of local cuisine and to flow in creative way into the rich history of the city. All in exclusive and comfortable boats with sun deck, heating and WiFi.

## 6 Warsaw by night

After sunset, Warsaw dresses itself in sparkling, colourful lights and glowing neon signs, which were very popular in communist times, and are now making their way back to the streets of the capital. See the historic buildings and monuments, churches and bridges illuminated in the twilight, and mingling with the lights and colours of the city's nightlife. Visit **Nowy Świat** and **Foksal Streets**, packed with bars and pubs, where you can have a shot of Polish vodka or a glass of locally brewed beer. Explore **Ząbkowska Street** with many restaurants and bars in the Praga district attracting students, and hipsters. Try delicacies at the **Night Market** or in the legendary **Koszyki market hall**. Check out the only remaining gas street lamps in the city, lit in the traditional way by a Warsaw lamplighter.

### THE VODKA TOUR

Discover the rich world of vodka! First of all, our tour is NOT a pub crawl. We deliver an expert but fun way to understand Poland's vodka culture. We will taste various vodkas and pair them with typical vodka food. A local, experienced guide will answer all your questions: Is there any way to say no to vodka? Was it invented in Poland or Russia? What kinds are there? We know it all!
